Physiotherapy Canada • VOLUME 49
ANNUAL INDEX—1997

Subject Index/Index des articles par sujet:

AMPUTEES

1. Spandex shorts to assist stump shrinkage of lower limb amputees: A pilot study
Little CE, Kirby RL, Connors M.....49:126-128 Sp'97

ARTHRITIS
Osteoarthritis

2. Discriminatory Power, Sensitivity and Specificity of a New Assessment System (FAS)
Öberg U, Öberg T.....49:40-47 Win'97

BALANCE

3. A Comparison of Static and Dynamic Standing Balance In Older Men Versus Women
Kinney LaPier TL, Liddle S, Bain C.....49:207-214 Sum'97

CEREBROVASCULAR DISORDERS

4. The Effect of Chest Physical Therapy On Intracranial Pressure and Cerebral Perfusion Pressure
Imle PC, Mars MP, Ciesla ND, Anderson PA, Delaney PA.....49:48-55 Win'97

Stroke

5. The Stroke Rehabilitation Assessment of Movement (STREAM): Refining and Validating the Content
Daley K, Mayo N, Danys I, Cabot R, Wood-Dauphinée S.....49:269-276 Fall'97

CPA

6. Back to School (Editorial)|Le retour aux études (Éditorial)
Salbach N.....49:81-83 Sp'97

7. Instructions for Authors.....49:300-301 Fall'97

8. International Opportunities: An Expanding Market in Rehabilitation (Editorial)|Occasions internationales: la réadaptation est en pleine croissance (Éditorial)
Larin H.....49:5-10 Win'97

9. The Physiotherapy Foundation of Canada Research Manifesto (Editorial)|Manifeste de recherche de la Fondation de physiothérapie du Canada (Éditorial)
Gelmon SB, Finch E.....49:84-89 Sp'97

10. Rehabilitation of torture survivors: Are we prepared? (Editorial)|La réadaptation des personnes ayant survécu à la toture: Sommes-nous prêts? (Éditorial)
McComas J,Eddy E.....49:160-163 Sum'97

Congress Report—President-Elect's Report to the 1997 CPA Annual General Meeting

11. Are We Ready for the Next Century?
Bélanger AY.....49:261-262 Fall'97

Congress Report—President's Report to the 1997 CPA Annual General Meeting

12. **The Physiotherapy Profession-Healthy and Growing?**
McQuarrie A.....49:259-260 Fall'97

Enid Graham Memorial Lecture, 1997

13. **The More Things Change...**
Wood-Dauphinée S.....49:263-268 Fall'97

President's Report

14. **The Bridge to Survival: From Clinical Opinion to Evidence|La solution à la survie de notre profession: la création d'un lien entre l'exercice clinique et les données actuelles**
McQuarrie A.....49:11-13 Win'97

15. **Can We Aspire to Power in Physiotherapy?|Les physiothérapeutes peuvent-ils aspirer à exercer une autorité?**
Bélanger, AY.....49:164-170 Sum'97

16. **Our profession must 'thrive, not just survive'|Notre profession doit prospérer et non pas survivre uniquement**
McQuarrie A.....49:90-91 Sp'97

17. **There are "Continuing Education Alternatives" to "Alternative Continuing Education" in Physiotherapy|Il existe d'autres options dans la formation continue qu'une formation continue dans des domaines non traditionnals en physiothérapie**
Bélanger AY.....49:249-258 Fall'97

DATA COLLECTION

Surveys

18. **Practice Patterns for the Physiotherapy Management of Clients with Maintenance Goals: A Canadian Survey**
Moreland J, DePaul V, Fournel D.....49:222-229 Sum'97

19. **Sociodemographic and Health-Related Characteristics of Ontarians Making Contact with Physical Therapists: Analysis of the 1990 Ontario Health Survey**
Yoshida KK, Allison KR.....49:214-221 Sum'97

EDUCATION

20. **Graduate Education for Physical Therapists: To-day's Foundations Built by Yesterday's Pioneers**
Walker JM.....49:92-96 Sp'97

21. **A meta-analysis of the literature on admissions criteria as predictions of academic performance in physical therapy education in the United States and Canada: 1983 through 1994**
Payton OD.....49:97-102 Sp'97

Continuing Education

22. **After the Workshop: A Model to Evaluate Long-Term Benefits of Continuing Education**
Beggs C, Sumsion T.....49:279-283 Fall'97

23. **Back to School (Editorial)|Le retour aux études (Éditorial)**
Salbach N.....49:81-83 Sp'97

24. **There are "Continuing Education Alternatives" to "Alternative Continuing Education" in Physiotherapy|Il existe d'autres options dans la formation continue qu'une formation continue dans des domaines non traditionnals en physiothérapie**
Bélanger AY.....49:249-258 Fall'97

Students

25. **Comparison of individual physical therapists' productivity to that of combined physical therapist-student pairs**
Bristow D, Hagler P.....49:16-23 Win'97

ELECTRIC STIMULATION

26. **Muscle Strength: A Comparison of Electrical Stimulation and Volitional Isometric Contractions in Adults Over 65 Years**
Pfeifer AM, Cranfield T, Wagner S, Craik RL.....49:32-39 Win'97

GENDER

27. **A Comparison of Static and Dynamic Standing Balance In Older Men Versus Women**
Kinney LaPier TL, Liddle S, Bain C.....49:207-214 Sum'97

GERIATRICS

28. **Muscle Strength: A Comparison of Electrical Stimulation and Volitional Isometric Contractions in Adults Over 65 Years**
Pfeifer AM, Cranfield T, Wagner S, Craik RL.....49:32-39 Win'97

29. **Use of Hip Protectors on a Dementia Unit**
Buckler JE, Dutton TL, MacLeod HL, Manuge MB, Nixon MD.....49:297-299 Fall'97

30. **Use of outpatient physiotherapy services by seniors**
Jaswal K, Vandervoort A, Speechly M, Helewa A, Hey L.....49:129-136 Sp'97

Weight Lifting

31. **Implementation and Evaluation of a Weight Training Program for the Elderly in a Long-Term Care Facility**
Carpenter C, Ewart LJ.....49:302-310 Fall'97

HEMIPLEGIA

32. **Strapping the hemiplegic shoulder: A radiographic evaluation of its efficacy to reduce subluxation**
Morin L, Bravo G.....49:103-108 Sp'97

ISOMETRIC EXERCISE

33. **Test-Retest Reliability of the Coefficient of Variation as a Measure of Sincerity of Effort During Isometric Testing**
Birmingham TB, Kramer JF, Speechly M, Chesworth BM, MacDermid J.....49:184-190 Sum'97

JOINT

Ankle

34. **Reliability of Photographic Range of Motion Measurements in a Healthy Sample: Knee and Ankle Joint Measurement**
Karkouti E, Marks R.....49:24-31 Win'97

Elbow

35. **A Multirater Reliability Study of Isometric Elbow Strength in Healthy Adults**
Richardson J, Stratford P, DePaul V, Chisholm K, Balsor B.....49:178-183 Sum'97

Knee

36. **Reliability of Photographic Range of Motion Measurements in a Healthy Sample: Knee and Ankle Joint Measurement**
Karkouti E, Marks R.....49:24-31 Win'97

Shoulder

37. **Strapping the hemiplegic shoulder: A radiographic evaluation of its efficacy to reduce subluxation**
Morin L, Bravo G.....49:103-108 Sp'97

ORTHOPAEDICS

38. Physiotherapy Orthopedic Out-Patient Outcome Report 1992-94
Ryan L, Moon L, Merovitz B, Krochmalnek G.....49:113-125 Sp'97

39. Use of outpatient physiotherapy services by seniors
Jaswal K, Vandervoort A, Speechly M, Helewa A, Hey L.....49:129-136 Sp'97

40. Waiting List Management Strategies for Outpatient Orthopaedic Physical Therapy
Christie HJ, Gobert AD, Matthew E, Rousseau DC, Webber SC.....49:191-206 Sum'97

PASSIVE RANGE OF MOTION

41. Use of Continuous Passive Motion to Increase Hand Range of Motion in a Woman with Scleroderma: A Single Subject Study
Carr S, Fairleigh A, Backman C.....49:292-296 Fall'97

POSTOPERATIVE CARE

42. A review of the role of sequential compression therapy in post-operative management of patients undergoing venous valve surgery
O'Neill B.....49:109-112 Sp'97

PROFESSIONALISM

43. Can We Aspire to Power in Physiotherapy?|Les physiothérapeutes peuvent-ils aspirer à exercer une autorité?
Bélanger, AY.....49:164-170 Sum'97

44. The Culture of Professional Title in Physiotherapy: Why Should We Care?
Bélanger AY.....49:14-15 Win'97

45. The Physiotherapy Profession-Healthy and Growing?
McQuarrie A.....49:259-260 Fall'97

46. Our profession must 'thrive, not just survive'|Notre profession doit prospérer et non pas survivre uniquement
McQuarrie A.....49:90-91 Sp'97

TORTURE

47. Rehabilitation of torture survivors: Are we prepared? (Editorial)|La réadaptation des personnes ayant survécu à la toture: Sommes-nous prêts? (Éditorial)
McComas J, Eddy E.....49:160-163 Sum'97

WORKPLACE

48. Continuing Utilization of Physical Therapy Support Personnel in Canada
Loomis J, Hagler P, Forward J, Wessel J, Swinamer J, McMillan A.....49:284-291 Fall'97

Hospital Physical Therapy Departments

49. A Conceptual Role-Shift Model: Shaping and Defining Future Physical Therapy In Hospital Settings
Schleifer Taylor J, McGlynn-Vittori M, Ellerton C.....49:171-177 Sum'97
